

RO-BAL Steel Fabrications Limited is sponsoring Claire Cook from Team GB to take part in 'Challenge Rimini'.

Claire has recently competed for SunCity triathlon, finishing third overall in the North East in Duathlon and Triathlon. This is a massive achievement as this is Claire's first season. She has also gained a qualifying time for this year's European Championships to represent her country, competing as part of Team GB.

The event we are sponsoring Claire for is the '**Challenge Rimini**' which will be on 24th May 2015. This race will consist of a 1900 metre sea swim, 92 kilometre hilly bike course and a 21 kilometre run, also known as 'Ironman 70.3' distance.

She is excited about the prospect of representing her country and Team GB. We are proud to have our logo on Claire's GB Tri suit, and we have no doubt she will be an excellent ambassador for RO-BAL Steel.

Below are some photographs of Claire in her Team GB tri suit.
